

Oklahoma Reading Association

Parents and Reading Award

The purpose of this award is to recognize councils for their outstanding service in encouraging parents to read to their children. Let ORA know what your council is doing to encourage parents to read to their children. Consider seeking additional funding for your project from local or area businesses.

Some projects councils have completed are:

- . . . Councils give new parents paperback books by well-known authors and brochures with suggested reading for different age levels in a bag. These are given to new parents at the hospital.
- . . . Paperback books and a rattle were wrapped up with a diaper and given to expectant parents at a local exposition or festival.
- . . . Book baskets were provided and refilled at a local doctor's office.
- . . . Set up a booth for parents at a local mall.

The Oklahoma Reading Association Coordinator for this award is

Julie Collins, Ph. D.
11228 South Timberline Drive
Norman, OK 73026
julie.m.collins@sbcglobal.net
Home: 405-321-5600
